

### **Sample membership, leadership and sponsorship of PFCC**

These examples show who carried out key leadership roles within The King's Fund/the Health Foundation PFCC projects.

#### **Example 1: Improving the care experience of children admitted with acute asthma**

Senior executive sponsors of this project were:

- chief operating officer
- associate nursing director and head of patient experience
- division director of women's and children's services.

The work was sub-divided into three separate projects.

Members of the PFCC guiding council included:

- matron for paediatric assessment unit – clinical lead for project 1
- consultant paediatrician – clinical lead for project 2
- consultant paediatrician – clinical leader for project 3
- senior sister, paediatric assessment unit
- project manager and governance lead (key contact)
- scribe/administrator.

#### **Example 2: Improving the experience of children presenting with acute abdominal pain**

In this project, the guiding council consisted of:

- director of nursing and director of transformation – executive sponsor
- lead nurse, emergency department consultant and consultant surgeon – clinical champions
- head of patient experience – key contact/facilitator
- project manager – project support.

The working group consisted of:

- two staff nurses
- play specialist
- emergency department receptionist
- staff-grade doctor
- sister
- consultant radiologist
- two advanced nurse practitioners
- health care assistant.
